

## STRUNG UP.

Two Negroes Hung to a Tree at Columbus, Ga.

Their Bodies Were Then Riddled With Bullets by the Infuriated Mob.

Both Men Were Charged With Outrage—One Was Taken From the Courtroom, the Other From the Jail—100 Bullets Fired Into the Latter's Body.

COLUMBUS, Ga., June 2.—Two Negroes were hung to a tree near the middle of Broad street, the main thoroughfare of this city, and riddled with bullets by an infuriated mob Monday morning. They were Jesse Clayton and Will Miles.

Last Thursday Clayton outraged Mrs. Howard Bryan, a respectable white woman of this county. He was captured and placed in jail before the crowds looking for him found him. Monday morning he was taken to the superior courtroom for trial. He had been indicted and a jury was being impaneled, when a mob rushed up the steps into the courtroom, yelling and brandishing rifles and pistols seized the terrified man, threw a rope around his neck and dragged him a hundred yards down Broad street, ridding his body with bullets. The body was then swung up to a tree and left dangling there. The crowd then went to the jail after Miles, another Negro who about two years ago attempted to outrage Mrs. Albright, of this city. The jailer pleaded with the mob, but to no avail, and was compelled to surrender Miles to save his life and the jail from destruction. He surrendered the keys and the doomed man was led to where the body of Clayton dangled.

Miles was quickly swung up and his body riddled with a hundred bullets. Miles had been tried and convicted twice but his case had been twice set back by the supreme court on technicalities for a new trial. His last trial resulted in a mistrial and he was in jail awaiting his fourth trial.

Failure at Richmond, Va. RICHMOND, Va., June 2.—The Finance Trading Co. filed a deed of assignment in the chancery court Monday afternoon. Messrs. H. H. Hawes, and T. Wm. Pemperton are named as trustees. The liabilities are placed at \$75,000.

Public Debt Increased. WASHINGTON, June 2.—The debt statement issued Monday afternoon shows a net increase in the public debt, less cash in the treasury during May, of \$5,188,730. Total cash in treasury \$871,766,970.

## EXECUTED.

Mud Dauber Smith Asserted His Innocence to the Last—Met Death Without Flinching.

LEXINGTON, Ky., June 2.—Henry Mitchell Smith, alias Mud Dauber, the Negro who was convicted of assaulting an aged white lady, Mrs. Mary Hudson, near this city last summer, was hanged Tuesday morning, the drop falling at 11:37. Twelve minutes later he was pronounced dead. Just before pinioning him, Sheriff Gross asked him if he had anything to say. He replied in a distinct voice: "I am innocent, before God and man; that is all I have to say." He met death without flinching, and was decidedly the coolest man on the scaffold. He died by strangulation.

## THE SHAKE UP.

Among the Officials of the Penitentiary is Complete.

FRANKFORT, Ky., June 2.—The shake-up among the officials at the penitentiary became complete Monday, and that institution is now entirely in republican hands. Col. Ed McGrath, the popular Newport politician, who has been serving as guard, was the last of the old regime to go. He was succeeded Monday by Mr. Dunn, of Edmonson county. Col. McGrath will spend a few weeks in Kentucky during the hot political season, and later will go to Missouri to visit friends, when he will return and locate in Newport.

## No Contest Will Be Made.

LEXINGTON, Ky., June 2.—Judge Mat. Walton, one of the sound money leaders, says there will be no contest of the Lexington delegations, as he believes all the prominent gold men here will be willing to agree that no further contest be made. The city is rapidly filling up with politicians from all over the state. The convention hall and Chautauqua grounds are all in readiness, and if the weather continues good the delegates and visitors will have a pleasant outing along with their convention Wednesday.

## Hardin-Stevenson Wedding.

WASHINGTON, June 2.—The marriage of Miss Julia Stevenson, daughter of the vice president of the United States, to Rev. Martin D. Hardin, of Lexington, Ky., took place Tuesday evening at the new York Avenue Presbyterian church. All the high officials in Washington attended and most of the diplomatic corps were present. The bridegroom is the son of Gen. P. Wat Hardin, the recent democratic candidate for governor of Kentucky.

## Four Years in Prison.

BUCKEYE, O., June 2.—Monday Chas. Beebe, under indictment for holding up a man, changed his plea to guilty and was given four years. Beebe escaped from the county jail two weeks ago, but was arrested again.

## DEAD VICTIMS

Of the Disaster at Moscow Number Over Three Thousand.

One Thousand, Two Hundred of the Injured Taken to Hospitals.

All the Bodies of the Victims Buried—About Half the Dead Were Identified—All Unclaimed Dead Filled Eleven Trenches Fifty Yards in Length.

Moscow, June 2.—Every effort is being made to clear the Hoshinsky plain of the dead upon it who lost their lives in the frightful disaster of Saturday. Monday a number of bodies were found on the edges of the plain and in the villages around. These dead were injured and crawled until death overtook them.

The functions in connection with the coronation festivities are being given as though nothing had happened. The pleasure resorts are open as usual. Many of the Moujik dances about while the dead were lying around.

It is stated that large numbers of the injured refused to go to the hospitals. The mob stood by the corpses and received the doles.

All the bodies of the victims were interred Monday. About half of the dead were identified. The unclaimed dead filled 11 trenches which were 50 yards long. Monday night the city resumed its normal aspect and a stranger would not imagine that only two days ago one of the most frightful calamities that ever occurred in Russia had taken place just outside the city.

LONDON, June 2.—The Standard's Moscow correspondent estimates the number of dead at 3,000 besides 1,200 injured, most of the injured, he says, will die. The lower classes of the populace are intensely exasperated and language can be heard on the streets that at other times would cause the speakers to be severely punished. The correspondent adds that when the police reinforcements and Cossacks arrived on the plain Saturday morning, as customary with them when dealing with the peasantry, they applied their whips cruelly and needlessly, lashing the moujiks who were on the outskirts of the crowd. Two of the Cossacks were dragged from their horses by the enraged sufferers and killed. Eight gendarmes were caught in the crowd, knocked down and suffocated.

## FREE SILVER CANDIDATES

For Congress Elected in Oregon—Senator Mitchell Likely to Succeed Himself.

PORTLAND, Ore., June 2.—Owing to the exceedingly slow count it is very difficult to forecast the result of Monday's election, but returns up to this hour indicate that ex-Gov. Penney will be elected mayor of Portland. Congressman Ellis (rep.), the free silver candidate, leads Northrup (sound money) by about 5,000 in the Second congressional district.

In the First congressional district Vanderburg (free silver populist) holds a plurality of 500 over Tongue (rep.).

Indications are that the free silver candidates will triumph and that Senator Mitchell will succeed himself in the United States senate.

## Relief for Storm Sufferers.

CHICAGO, June 2.—Mayor Swift Monday afternoon issued a proclamation to the people of Chicago setting forth the want and suffering of the survivors of the tornado at East St. Louis and calling for subscriptions and supplies. He says that outside assistance is not required in St. Louis, but reports from East St. Louis and other localities indicate great distress. Elbridge G. Keith, president of the Metropolitan national bank is appointed treasurer, but donations of food and clothing will be sent direct to the mayor of East St. Louis.

## Post Office Appropriation Bill.

WASHINGTON, June 2.—The conferees on the post office appropriation bill, which went to them more than a month ago Monday, completed the first report on the measure. Only one item, that authorizing the post master general to consolidate outlying or suburban offices with the central office remains now in disagreement. The principal items as agreed to are as follows: Clerk hire in post offices, \$10,000,000; free delivery service, \$12,818,000; of which \$10,000,000 shall be used for experimental services in rural communities.

## Durrant's Case.

SAN FRANCISCO, June 2.—Statement and bill of exceptions prepared by counsel for William H. T. Durrant, convicted of the murder of Blanche Lamont, in support of an application for a new trial for their client, was presented to Judge Murphy Monday. It consists of 1,000 typewritten pages. When Judge Murphy has finished with it it will be submitted to the supreme court.

## River and Harbor Bill.

WASHINGTON, June 2.—The house river and harbor committee Monday formally agreed to recommend to the house the passage of the river and harbor bill over the president's veto. Chairman Hooker was instructed to prepare a report in which he will incorporate the reasons of the committee for taking this step.

## Fortifications Bill Agreed To.

WASHINGTON, June 2.—A full and final conference on the fortifications bill was agreed to in the senate Monday and will probably be disposed of in the house to-morrow. The five millions appropriated by the senate for gun and mortar batteries remains, but half of the work is placed under the contract system.

## STORM ECHOES.

Relief Work Goes Steadily on in St. Louis—Systematic Search in the Ruins for Dead Bodies.

ST. LOUIS, June 2.—No additional deaths as a result of the storm of last Wednesday have been reported either in this city or East St. Louis since five o'clock Monday afternoon. The city rescue corps started digging for bodies Tuesday in the ruins of the buildings at Seventh and Rutger streets and at the ruins of the Sawyer manufacturing plant, at 1819 Chouteau avenue. The buildings on three corners of the former location were totally wrecked, and it is said that several bodies are buried in them. One of these structures, at the southeast corner, was a tenement house. The work of rescue will be carried on until all of the larger ruins have been searched. Additional gangs of laborers were placed at work in the ruined districts of St. Louis Tuesday morning, and order is rapidly being brought out of chaos.

The relief work has assumed mammoth proportions, and it is now being prosecuted on a systematic and thorough basis. It now extends to every section of the affected district. Agents of the charities—men and women—are making a thorough canvass of every street, searching for destitute cases. Splendid results were had Monday, and many cases requited handsomely. This morning it has crept up to nearly \$120,000.

The public schools in the tornado districts were reopened Tuesday with nearly the usual attendance.

Up to 10 o'clock Tuesday morning a carefully revised list of the dead from the storm in St. Louis foots up 141 names and 88 persons are at present unaccounted for. In East St. Louis the death list has crept up to 99 and 27 persons are reported missing.

The extent of the tornado's disastrous work here and in East St. Louis has overshadowed the losses sustained in adjacent towns in Missouri and Illinois, and no accurate lists of the killed have been made. A careful compilation from all sources made Monday gives the following losses in outlying towns by the tornado:

Missouri, outside of St. Louis:

	Killed	Injured	Estimated Property Loss
Renick.....	10	10	\$50,000
Clark.....	10	10	35,000
Laddonia.....	18	18	15,000
Farber.....	1	15	15,000
Dye School House.....	5	20	5,000
Curryville.....	1	5	8,000
Vandalia.....	10	10	30,000
Bear Creek.....	7	25	5,000
Total.....	66	123	\$163,000

The total losses in Randolph and Audrain counties will amount to \$300,000 additional. Loss on crop and farm property in entire state will swell total beyond \$2,000,000.

Illinois outside of East St. Louis:

	Killed	Injured	Estimated Property Loss
Breckinridge.....	3	2	\$18,000
Birkner.....	6	20	20,000
Mascoutah.....	1	5	25,000
New Minden.....	5	20	75,000
New Baden.....	15	20	5,000
Mt. Vernon.....	5	20	50,000
Fairfield.....	2	10	15,000
Richview.....	3	25	75,000
Irvington.....	5	30	20,000
High Hill.....	1	7	7,000
Total.....	60	179	\$355,000

Losses at scores of other points, including farm property and crops, may raise the total to over \$1,000,000.

The corpse of John Barfest was taken from the ruins of Ottenade's factory at Broadway and Soudard streets Monday afternoon. His wife and three children barely escaped death in the wreck of their home at 2408 South Broadway.

The remains of an unknown white man were taken from the river at the foot of Tesson street Monday. The body was found clinging to the wheel of a steamer anchored near that point, and from the position of the body it is surmised that the deceased was blown into the river during the tornado and tried to save himself by clinging to the boat wheel.

The work of searching the ruins goes steadily forward.

That a great many corpses are in the ruins seems to be pointed out by the fact that the police have a list of 120 persons who are yet missing. Some of them may turn up, of course, but it is safe to assume that the major portion of them are dead.

A number of them are probably in the river. It has been believed from the first that at least 50 persons lost their lives by being blown into the river, and only three of them have been recovered thus far.

## CINCINNATI CONVICT

Becomes Unruly in the Penitentiary—Doubts as to His Sanity.

COLUMBUS, O., June 2.—A dispute between Prison Physicians Tharp and Parker as to the mental condition of James Devlin, a prisoner from Hamilton county, gave rise to a fight Tuesday. Tharp claims that Devlin is perfectly sane, but Parker says he is mentally unbalanced, as a result of being struck on the head with a pair of tongs in a prison fight some months ago. When Dr. Tharp was away Parker had Devlin put in the hospital, and when Tharp returned he ordered him sent back to work. This angered Devlin, and he grabbed a cuspidor and threw it through a window. A guard tried to control him, but could not do so, and it finally became necessary to call in six men to handle him.

## Will Be Released in a Few Days.

LONDON, June 2.—Mr. J. B. Robinson, the South African millionaire, Monday received a dispatch from Pretoria stating that the leaders of the Johannesburg reform committee who are under sentence of 15 years' imprisonment, their former death sentences having been commuted, would be released in a few days.

## RATHER EXPENSIVE.

Freight Lines That Fail to Comply With the Law Are Subject to a Heavy Penalty.

COLUMBUS, O., June 2.—Section 4 of the law taxing the market value of the stock of freight line and equipment companies provides that any company failing to file the statement required under the law with the auditor of state on or before May 31, shall be subjected to a penalty of \$500 and an additional penalty of \$100 for each day's omission after that date. The section further provides that the attorney general, on the request of the auditor of state, shall institute an action against the delinquent company for the recovery of the penalty. It will be noted that the terms of the law are mandatory, and that the state officials have no alternative but to impose and collect the penalty. It is costly business for corporations to be delinquent under this law.

## DEFECTIVE ORDER.

To Save Murderer Miller From Hanging, Patched Up.

COLUMBUS, O., June 2.—Frank Koelne, clerk of the state prison, called upon Attorney General Monnett Monday and asked whether the warden would be warranted in omitting to carrying into execution the death sentence of Levi Martin Miller next Thursday night under a defective order of the supreme court suspending execution. The attorney general found that in the records of the case in the supreme court the name under which the condemned man was sent to the annex was given as one of his aliases. The order was thereupon altered by the clerk of the supreme court so as to include this alias, and the warden will now regard it.

## TUBERCULOSIS.

Alarming Increase of Consumption Among Milch Cows in Ohio.

COLUMBUS, O., June 2.—The attention of the state board of health has been called to the alarming increase of tuberculosis among milch cows, and will result in action being taken at the June meeting of the board to exterminate it as far as possible.

It is understood that the board will arrange to avail itself of the offer of the agricultural department of the national government to secure a supply of tubercles for use in experimenting on affected milch cows. It is estimated that at least twenty per cent. of the milch cows in the state are affected with tuberculosis.

## TRAFFIC OFFICIALS

Decide Upon a Cut of 20 Cents a Ton From Ohio and Pittsburgh Mines.

TOLEDO, O., June 2.—As a result of the aggressiveness of the Chesapeake, Ohio and Southwestern road in cutting coal rates, a meeting of traffic officials of lines interested was held here Monday and a cut of 20 cents a ton decided upon from the Ohio mines and from the Pittsburgh district. The Michigan Central protested but it went unheeded. The cut is not expected to stop at 20 cents and the board of control of the Joint Traffic association will be powerless because coal was exempt from the agreement. The war is expected to affect the alleged coal trust in the public's favor.

## IN A POTATO PATCH.

The Body of a Child Found Near New Vienna, O.

HILLSBORO, O., June 2.—The body of a child was found Sunday buried in a potato patch, near New Vienna, Clinton county. The coroner of Highland was notified, as the body was on the Highland side of the county line. An inquest was held at New Vienna.

The evidence showed that the child was secretly buried, to cover up disgrace, probably. It is believed by many that the child's body was brought by some woman in a valise from Ross county. The woman disappeared. The authorities will thoroughly investigate.
